It's apparently a happy and lasting relationship for the duck which was given to Stella Thompson, right, of Thompson's Office equipment, by a customer. Council Votes Extra \$8,924 To Publicity Fund of C of C

City Council last night approved an additional \$8,924.72 to the Chamber of Commerce advertising and publicity budget, making the total support of that organization by the city at \$38,924.72 for the 1956-57 fiscal year.

At budget time last year, the Chamber of Commerce made a request that the Chamber's budget be increased by \$10,000, but after long deliberation the council said that it would not increase the amount of money at that time, but would wait until February or March to if the Chamber needed the extra funds.

A FINANCIAL REPORT, filed with the council last Monday, showed that the chamber had \$1,741.96 left in the budget at the end of March.

As anticipated expenses for the balance of the fiscal year of 1956-57, (April, May and June), the Chamber listed the following:

Publicity, through McFadden-Eddy Associates, \$6,000; Advertising (for late Spring), \$500; Sal-

Blood Donor Turnout Urged At Bank Visit

Village blood donors were today urged to make a big turnout for the Monday visit of the San Bernardino-Riverside County two-county blood bank.

The mobile unit will be at Desert Hospital from 11 a.m. to 1 p.m., and hospital director Robert Henwood asked for help in meeting the 25-pint quota.

Henwood pointed out that only two more visits after this will be made here by the bank. The bank will be absent for the three summer months.

Henwood pointed out that "it is time now" for village citizens and organizations to build up their credits for future use.

Donors will be registered and refreshments will be served by the Desert Hospital auxiliary.

Chest Officials Look To Circus For Help

Village residents today continued to dole out thousands of charity-marked dollars as a season heavily marked by fund drives draws to a close.

At least three major fund campaigns are still under way in the Palm Springs area, and leaders of two fund drives evinced an optimistic outlook for their respective goals.

Operating concurrent solicitation campaigns are the Red Cross, the Cancer Society and the Community Chest, the last of which is expected to fall short of its goal by at least \$10,000.

Record \$107 Million Bid Made on Dam

Covers Key Work For Colorado River Development Plan

KANAB, Utah (AP)—A New York construction company Thursday submitted an apparent low bid of \$107,955,122 for construction of Glen Canyon Dam, key works of the Colorado River development program and the most expensive single reclamation project in American history.

The apparent low bid, submitted by Merritt-Chapman and Scott Corp., was \$10,381,354 under those submitted by three other contracting firms and was \$27,553,048 under the estimate of \$135,608,170 made by Bureau of Reclamation engineers.

THE OTHER BIDS were \$118,336,476 by Glen Canyon Construction Co., a 10-company combine headed by Guy F. Atkinson, San Francisco; and \$120,178,833 submitted by Morrison-Knudsen Construction Co., Boise, Idaho, in combination with eight other firms.

T. Rosso Co., Prescott, Ariz., also submitted a bid on the historic project but the bid was incomplete and was not received by the Bureau of Reclamation.

L. F. LEM WYLIE, construction engineer for the Glenn Canyon unit, opened the bids.

The bids must be reviewed by reclamation engineers, attorneys and officials before a final contract award is made.

Wylie estimated construction could start by mid-May.

The contractor will have 2,500 days, nearly seven years, to complete the 700-foot high, 1,500-foot wide dam.

"However, I think we'll beat that date," Wylie said.

City Council Endorses Bond Issue of County

Riverside County Supervisor Curtis Chamberlain last night told the city council that Palm Springs would get a good county building at the cost of \$152,700, plus the expenditure of between 25 to 50 thousand dollars for the acquisition of land, if the \$5,465,000 county building bond issue passes.

The supervisor outlined the entire program to city officials and asked that a local citizens committee be set up, with the chairman serving on a 14-man county committee out of Riverside.

City council went on record as endorsing the county bond issue.

Mayor Florian Boyd pointed out to the council that this was the first time that a member of the County Board of Supervisors has appeared before the local body to explain a proposed county program.

Teamsters Plan Policy Meeting

HOUSTON, Tex. (AP)—Teamsters boss Dave Beck and 12 of his aides were reported Thursday as planning to hold a top level strategy meeting in the Houston-Galveston area next week.

The meeting, it was reported, will be held Monday and Tuesday in a hotel in either Houston or Galveston. Reservations reportedly were made at a hotel for all teamsters Executive Board members.

Dewey Metzdorf today reported that the only salvation for his two-month-old campaign lies in the hands of the Desert Circus committee.

Metzdorf, striving to attain the \$50,000 goal needed to inject life into the score of activities dependent upon Chest funds, said he has asked the Circus chiefs for help in feeding the neediest of the Chest charities.

"WE SURE NEED a lot of help," Metzdorf remarked, "but even with the aid of the Desert

Preliminary Plan For Section 14 Told Council

A tentative master plan for the ultimate development of Section 14, which proposes resort hotels lining the extension of Tahquitz drive, an 18-hole championship golf course, residential club developments, a major shopping facility and a 17-acre community and convention center, was outlined to the Auga Caliente Tribal Council yesterday.

Ben Southland, partner of Victor Gruen Associates, told the council that he believes the entire development can be reached within a 10-year period if Palm Springs continues at its present rate of growth.

THE FIRM WAS commissioned five months ago to prepare a master plan for Section 14, which is better known as the Indian Reservation, and yesterday presented, in schematic form, the planning work to date.

Members of the Tribe are today considering the many proposals posed by the major development program.

Merchants Vote Trophies for Easter Parade

Enthusiastically voicing its support of the Soroptimist Club's Easter Parade plans, the Palm Springs Retail Merchants Association this week donated \$50 for parade trophies.

In other action at its regular meeting, the association mapped plans for its annual banquet and press gridiron show, slated for May 14. Banquet chairmen are Katie Nelson and Marge St. Cyr. Master of ceremonies is Jimmy Cooper.

The association also passed a motion to endorse a letter to the city indicating the groups approval of a permit for installation of lights at Pat Martin's driving range for night play.

New Crisis Reported In Jordan

Mideast Still Trouble Spot Of World Today

By UNITED PRESS
A Cairo newspaper said today King Saud of Saudi Arabia had warned Israel that Saudi artillery will open fire on any Israeli ship trying to pass through the Gulf of Aqaba.

The warning was reported by the independent newspaper Al Ahram which also said Saudi Arabia and Egypt had protested formally to the United States against passage of an American tanker through the gulf to an Israeli port.

AT THE SAME time an Egyptian spokesman said Israel had refused to withdraw troops from position on Egyptian territory covering the approaches to the Israeli port of Ellat at head of the Gulf of Aqaba.

In Jordan, where a major political crisis was feared, King Hussein was reported arresting all known Communists in Amman and other Jordan cities in a desperate effort to stay in power.

HUSSEIN ALSO was reported considering placing his country under military government following the resignation of pro-Soviet Premier Sulaiman Nabulsi. No outbreaks were reported, but Nabulsi has shown before he can call out mob support from among the Palestinian refugees if he needs it.

A dispatch from Amman—one of the few to penetrate the heavy censorship there—said King Hussein today asked former Foreign Minister Hussein Khalidi to form a new cabinet. Diplomatic circles predicted he would be unable to do so.

THREE MAJOR parties in Nabulsi's cabinet announced they would not enter the new cabinet. A United Press dispatch from Damascus said Syrian newspapers expressed fear today that Israel might "commit aggression against Jordan" if a conflict breaks out between Hussein's and Nabulsi's followers.

Political circles in Damascus affirmed that the Syrian Army was ready to aid Jordan in the event of an Israeli attack.

NEW YORK UP - Demand for sugar stocks helped to swing an otherwise routine stock market today. Utilities made the best showing in the averages, mainly on the good gain in Peoples Gas.

TULSA, Okla. UP - W. G. Skelly, pioneer oil man and board chairman of Skelly Oil Co., died early this afternoon here. He was 70.

WASHINGTON UP - Democratic plans for a possible tax cut next year got a slight nudge today from an unexpected quarter—President Eisenhower. The President asked Congress to chop 254 million dollars from agriculture funds earmarked for the soil bank next fiscal year. This will trim Eisenhower's fiscal 1958 spending budget to about \$71,550,000,000. The proposed tax cut was voiced by Speaker Sam Rayburn of Texas.

Check Suspect Arrested at Studio City

Charged with bouncing \$100 worth of bogus checks in the Palm Springs area last fall, Henry Louis Fuente, 30, of Studio City, today enjoyed the temporary liberty of a \$1,000 bail bond.

Fuente was arrested by Los Angeles police in Studio City Monday on a Palm Springs warrant listing fraudulent checks cashed here last August and September.

Palm Springs Detective T. M. Aitken said Fuente was returned here yesterday morning and was ordered to appear April 16 for arraignment before Judicial District Judge Eugene Thierieu.

Fuente was released on posting of \$1,000 bond.

Aitken said the checks cited in the complaint were all returned marked either insufficient funds or account closed.

LIBRARY NOTES

By LYLE SMITH

A small new book has tickled our fancy more than any other recently. It is DAYS FROM SEVENTY-FIVE TO NINETY by Edward R. Hewitt, and odd subject to be so extremely appealing.

Edward Hewitt is a distinguished senior citizen. He is hardly the conventional self-made man. His father and grandfather are well catalogued for their achievements. His sister once said, "Drink runs in some families, and work runs in ours. I don't know which is worse."

THIS IS A chronicle of many and happy activities. Quiet, intelligent, forceful, Mr. Hewitt has faced the challenge of old age in a remarkable way. His book is not a biography in the usual sense. Would it be geriatrics? or philosophy? It is unmistakably his own work: no ghost writer here. He typed it himself at the age of ninety.

I wish in no way to belittle such recent and popular appeal books as Norman Vincent Peale's STAY ALIVE ALL YOUR LIFE, which is warmly inspiring, yet in comparison Mr. Hewitt's book is brisk, cheerful and astringent. It is like a cool shower rather than a comforting bath.

HE IS IDEALISTIC, and says "The greatest satisfaction in life is to feel that it has not been wasted and that one has returned a measure of good for what one has received from the world."

He becomes philosophical and says, "Our economy is progressing faster than we can assimilate its results, and it is not important to make it go any faster . . . I do not regret not having accomplished more than I have." This comment comes from a man who lists 21 subjects he has studied intensively in his life, from the gas engine and automobile design (which led to the development of the Mack truck) to growing high-protein hay to making musical instruments and to fly fishing (in

which he studied the chemical content of trout streams to determine what makes fish rise to take the fly). What a man!

HIS LONGEVITY is no mere accident. He attributes it to a severe kidney infection, considered incurable, which forced him to seriously study the preservation of health. He did this as carefully and thoroughly as he evidently did everything.

"I have five brothers and sisters," he says, "who all died around 70 years of age, thus showing that my efforts toward good health have been successful." He "happened" to be in Dr. Funk's laboratory when vitamin A had just been discovered and isolated, and . . . "He gave me some to take. I believe I am the first person outside of a laboratory to have taken vitamins. As the study of vitamins developed, I followed this work carefully and took them all as soon as they were available."

You will find THE DAYS FROM SEVENTY-FIVE TO NINETY wonderfully rewarding, no matter if you are 16 or 39. Do come and get it. It is such a mixture of modesty and pride, of simplicity and intelligence; it is so lively and joyful . . . and without a single platitude . . . you just can't help loving that man.

Fulmor Lake Improvements Approved by Supervisors

Improvements in the Fulmor Lake area on the Idyllwild-Banning Highway were approved by the supervisors this week under a cooperative program with the forestry service.

The forestry service is to clear the entire area, clean the lake surface, perform erosion control in the picnic and dam areas partly by planting low growing shrubs, and to increase its general maintenance work.

The county is to erect proper signs to direct and warn highway

traffic, grade and widen the highway to provide a parking area, and construct a foot walk across the lake bridge to reduce foot traffic hazards.

Road Commissioner A. C. Keith estimated the cost of the county's participation in the improvement program to be \$1800.

Flood Hazards Bring Refusal Of Survey Maps

Two record of survey maps for subdivisions in the Indio area were disapproved by the board of supervisors this week as recommended by the county planning commission. Flood hazards had to do with both refusals.

One of the two subdivisions was to have been located on 38th Ave. northeast of Indio in Section 31 of Township 4 South, Range 8 East.

The other proposed development site was between the Indio Hills and Dillon Highway approximately 18 miles southeast of Desert Hot Springs in the East half of Section 23 in Township 4 South, Range 7 East.

Parking Meter Receipts Keep Ahead of 1956

Parking meter receipts showed their customary drop during March but the total for the month still remained far ahead of last year for the same period, \$3,060 to \$2,574.

Part of the increase no doubt was due to the raise in rates from a nickel to a dime for one hours parking.

Total amount collected since the parking meters went into effect in March of 1949 is \$173,169, according to records of Shelby Langford, city finance director.

By fiscal year comparisons, the total for the first nine months of this year is \$24,841, compared to \$18,331 last year.

Thrifty Offers Largest Stock In Sports Field

In honor of "Let's All Play Ball Week," local Thrifty Drug Stores are this week displaying the largest selection of baseball and softball equipment in the company's history, according to an announcement by the Palm Springs, Thrifty management.

Famous nationally - advertised names like Hillerich & Bradshaw bats and Spalding gloves are included in Thrifty's huge stock, where every item is for sale at the lowest prices in town.

Little Leaguers come to Thrifty every year for outstanding values in official "Little League" bats, balls and gloves. This year they will find an even more complete selection, with equipment in every price range.

Softball and hardball players will also find everything they need in their neighborhood Thrifty Drug Store where this year, more than ever, Thrifty's vast stock of baseball equipment "covers all the bases."

Work for Youth Listed as Major Goal of Moose

Creation of recreational projects for Palm Springs' youth was today listed as a major program of the Loyal Order of Moose, now organizing a village lodge.

L. S. Brandyberry, membership director for the local lodge, pointed out a lack of youth recreation activities and reported that a Moose Lodge here would take up the slack in such programs.

Urging villagers to investigate the advantages and satisfaction of community service derived from Moose membership, Brandyberry said the Loyal Order of Moose donated more than 50,000 man hours of voluntary work service and \$1,750,000 for civic and community services in the United States and Canada last year.

MOTORISTS BEWARE OF DRIVING HYPNOSIS

If you are planning an extended motor trip this summer beware of the new travel hazard known as driving hypnosis. The country's many new super highways make motoring a real delight, but at the same time have created a new travel risk. In one respect the modern turnpike is almost too good if you are not aware of the new danger it has created.

It may seem almost incredible but it is possible to fall asleep with your eyes wide open while driving these long smooth stretches of highway. Perhaps you have experienced this strange sensation. It is not like falling sound asleep at the wheel—one may experience it without even feeling drowsy. I was aware of it several times on a recent trip across the country.

After driving for several hours over a comparatively traffic free highway one often gets a feeling of numbness all over and becomes almost unaware of driving the car. It seems like you have turned on an automatic pilot and the car is just driving itself. Twenty or thirty miles may be traveled while you are in this state of driver hypnosis. All the while you were completely unaware of being in mortal danger.

WHAT TO DO ABOUT IT

In recognizing this new traffic hazard safety experts have issued a few simple rules to prevent driving hypno-

sis. They are much the same as precautions against falling asleep at the wheel.

Stopping and getting out of the car occasionally is of first importance. It is unwise to ever drive over an hour at one time. Coffee—or Coke—and a light snack in midmorning and late afternoon are also a big help. Experts advise against heavy meals which are usually sleep producing.

It is also a very good idea to vary your speed occasionally. It is surprising how this will bring you back to your senses. Never follow a car very closely for long periods of time. It is easy to lose your judgment of speed and distance by so doing.

The radio will help keep you alert, particularly if you get tuned in to some of that comical hill-billy music while driving through the Middle West and South. Try joining in occasionally by singing or whistling a tune.

The main thing, of course, is to recognize that there is such a thing as driver hypnosis and to learn to recognize its symptoms. If you get a strange or drowsy feeling it is time to pull off the highway at your first opportunity and allow your brain and muscles to relax for a little while. If you allow yourself to remain in a trance for only a short time you are inviting a serious accident and endangering the lives of other drivers. Before you start out on a long trip next time try to remember that driver hypnosis can make a reckless driver out of one who is always normally cautious.

HOLMES ALEXANDER:

Sports-Model Republicanism

WASHINGTON, D.C.—We had Jeffersonian government here during the third week of March—the “least” and therefore the “best.” The President was sunbathing off Bermuda, the Vice President was hedging-hopping around Africa, the Secretary of State was Down Under in Australia, the Senate was all but at a standstill over the Brewster-Beck hearings and the House was legislating in reverse by de-dollarizing the Budget.

There never was, I think, such an absence of “government,” and it's too bad that somebody didn't make a speech about it from the steps of the Jefferson Memorial.

COMING UP AROUND Easter time, we get another executive and legislative holiday from Government. The President goes to Georgia and Congress goes home. The only thing that Hamilton and Jefferson agreed upon was the danger of overlegislation and overregulation. It should be a joint principle of both major parties. Instead of trying to outdo each other in laws, they should aim at under-doing. What a fortunate country we would have if the politicians were contending only in idleness!

IT'S BEEN MY theory, never conceded in this place, that doing nothing is a political virtue, and that it was the secret of the first-term Eisenhower popularity. In 1953-54, the President had the cooperation of the GOP-led 82nd Congress, which mainly busied itself with undoing.

Billions were unspent, restrictions on private enterprise were unfastened, wars were left unfought in Korea and Indochina, and the President deactivated the office by golfing, fishing, camping and picnicking until he reached the most careful of all recorded activities—gentleman farming.

THOSE WERE the days! It's

one of the mysteries of our time as to why Mr. Eisenhower didn't insist on leaving well enough alone. It can't be said that he himself has become overenergized. He still enjoys his leisure and his play, but somewhere along the line the Palace Guard sold Ike on “new” Republicanism, and nothing since then has been much good. Congress has been sullen, the President's popularity has fallen off and a nameless sense of uneasiness broods over the land.

The President's program is facetiously known among some of his own party as “sports-model” Republicanism. It simply does not fit the sober, staid quality that is generally associated with the GOP. It is a busybody philosophy which flies in the face of both Hamiltonianism and Jeffersonianism. It is hectic, frantic, do-something New Dealism, and some of the results appear to be:

1. THE MIDDLE ROAD to No Man's Land: Labor Secretary Mitchell, perhaps the squarest-shooter of them all, is pleading for a minimum-wage extension which has no justification. The Secretary has a figure of 2.1 million workers whom he asks to be covered by the \$1 per hour minimum.

But the feeling among Republicans is that this figure is a compromise reached by Mitchell, who wants a higher figure, and Commerce Secretary Weeks, who wants a lower figure. There is evidence that the Labor leaders don't want any figure. They would rather obtain their wage-hikes by collective bargaining rather than Federal law.

But the Republican campaign orators promised expanded coverage, and Secretary Mitchell is stuck with it. If two million workers, why not 10 million? And if some workers, why not all workers? Mitchell is in an impossible position.

2. THE MIDDLE ROAD to the Crossroads: The President's \$72 billion Budget has done a devastating job that most Ike-backers are too polite to mention. The two most powerful and influential Republican Senators, Knowland, the floor leader, and Bridges, the policy chairman, both have come out for multi-billion-dollar reductions.

This amounts to a fundamental split with the White House, and there is no disguising it. When the Administration needs spokesmen on the Senate floor or in committee, only the oldest, most tired and most ineffectual men of the party stand up to defend the President's proposals and positions. It would be unkind and unnecessary to name them, but here is another reason why modern Republicanism is perishing—lack of pep.

3. THE MIDDLE ROAD to Ex-bustion: GOP National Chairman, Meade Alcorn, came into his job last winter with the banging of revolutionary drums. He was supposed to be the full and final proof that the Republican party had really gone futuristic.

But Chairman Alcorn seems to have mellowed faster than most. Scarcely 100 days in office, and he began telling people that his job was not to “nominate” Republicans, but to “elect” them. This seemed to mean that the much-heralded purge of Republican right-wingers would not take place next year as advertised. But if so, what was all the excitement about? Tranquility in the party is one thing; fatigue is something else. The urge to do-something has taken a lot of life out of the party whose nature it is to stand-pat. One result may be that States which are moving on the swelling tide of anti-Laborism and local conservatism may vote for conservative Democrats instead of modern, moderate or new Republicans.

halt to inflation.

So abrupt would be the end of inflation, a chain reaction which eventually leads to a depression is not beyond reason.

Yet, unless some steps are taken in the immediate future to curb the inflationary trend in the United States, the “boom and bust” cycle can evolve simply because some form of control is not forthcoming.

Seems Palm Springs isn't off the map or out of the timetables of the Southern Pacific.

The SP map is not being changed. Palm Springs is still there and is also in the index of the new timetables and is listed in a separate paragraph showing how to get here from the depot.

HERB HALL, assistant district passenger agent, and Jimmy Shea, public relations chief, for the SP, are surprised at the reaction here about the name change at the depot.

“You people down there know how I feel about Palm Springs,” Shea said. “The change was made with the idea of giving the merchants and residents of the Village better freight service. And technically, too, as an aid to passenger service. You know I would have fought anything else because you know how much I love Palm Springs.”

HERB HALL was also surprised because he thought the change would benefit Palm Springs.

“People going through on our trains see the depot with the sign ‘Palm Springs,’ he commented. “And they also see a barren desert with a small cluster of buildings in the distance. They say: ‘So THIS is Palm Springs.’”

“It creates a bad impression. With ‘West Palm Springs’ they'll know it isn't Palm Springs.”

LATEST MEDICAL discovery involves a little pill which contains a tiny radio. You swallow this little pill and it broadcasts a running commentary on your digestive system as it glides along. Purpose is to give doctors a better idea of your food assimilation system, how it operates and what is wrong with you.

That's fair enough. We've swallowed a lot of guff from radio commentators. Now we'll swallow the radio itself.

But Freddie Watson claims the scientists are behind the times. “Why don't they put a TV transmitter in the pill. Then they could see as well as hear, what's wrong with us.”

HERE'S A NEW definition of intoxication. Protesting in the British House of Commons against the cost of elaborate devices to determine whether a motorist is drunk, a member said:

“When I was a sergeant in the army our working definition was that if a man could take off his boots before going to bed, he was not drunk.”

BILL FADDEN has solved the problem of carefree clocks which will not conform. He has four different time pieces in his apartment and they all show a different time. It puzzled him at first but he has the problem licked. “I just check all of them, add up the various times and then divide by four.”

Reminds me of highway clocks. You drive along and see one which reveals, let's say, 8:15. Two miles farther on your pass another which gives out with 8:13. That's really flying.

INEZ ROBB:

From Fox to Mink To...

Hey, can anyone else remember “way back when all of us good little girls were stuffing pennies in our piggy banks so we could buy silver fox capes and look like all the bad little girls who first wore ‘em?”

That was “way back in the ‘30s when silver fox was to fashion what mink is today. The most. Most of the stars of stage, screen and society were swaddled in the stuff, i.e., silver fox. I would have given my eye-teeth for a scarf, much less a cape.

The more silver in a pelt, the more costly it was. Good skins sold readily in the wholesale market for from \$500 to \$900 each, and a real super-duper brought as much as \$2,000. Silver fox farms sprang up all over the country like mushrooms, whenever the snooty little beasts and the climate agreed. Fox farmers envisioned Golconda.

THEN ALL OF A sudden, about the time World War II came along, all the good and the bad little girls suddenly changed their allegiance. They took up mink and they dropped silver fox as if it were the plague. Overnight, fox became a dog. Fashion—and don't ask me why—whim-whammed it right out of the box.

So when I spotted an extremely chic woman decked in a silver fox boa on New York's Fifth Avenue the other day, I did a double-take.

Well, sir, fashion in the past two years has revived everything foible of the ‘20s and ‘30s and it suddenly occurred to me that perhaps she had now decided to use the pulmotor on silver fox.

LEO RITTER, furrier to the Duchess of Windsor, Her Serene Highness, Princess Grace, etc., cautiously confirmed this hunch when I put it to him. For his next collection, which the fashion press will see in July, Ritter is making a half-dozen “pieces” in silver fox. But, playing his foxes almost as close to the vest as the Spartan boy, he refused to say whether they would be boas, stoles, capes or boleros.

But Ritter did give a unique glimpse of the havoc played by American women in their sudden decision to abandon silver fox to its own fate. He estimates that millions of fox skins are now in fur warehouses. The finest skins, for which he would have paid hundreds of dollars in the ‘30s, now wholesale for \$25, and he can buy excellent ones for \$20.

Thousands of fox farmers, at feminine whim, were forced out of business in the United States, he added. Only a fraction have maintained breeding stock through the lean years.

RITTER CAN remember when a New York furrier paid \$10,500 for the first platinum fox in the auction market. Today, \$30! The latest fox mutation, Sunbeam, on which Ritter has a monopoly, would be priceless today — if long-haired furs were popular.

But maybe they will be again, since the Duchess of Windsor has a Sunbeam cape, and Princess Grace, too.

He believes long-haired furs are most flattering to women, and he hopes women will begin to agree with him. But he never again expects the frenzied fox market of the ‘30s when he paid \$250 for a prime, bushy silver fox tail to attach to a prize \$1,200 skin whose own extremity Ritter judged unworthy.

Who's An Apple-Knocker

NEW YORK—My rural background has caught up with me after 22 years in the Big Town. Miss Lynn Dollar, hostess of “The \$64,000 Question,” a sleek, sophisticated young woman from the Dakotas (also from Philadelphia later on) has written me a touching letter.

“Some one recently said I sounded like an apple-knocker,” she said, “I didn't know whether to be flattered or angry. Recently you wrote you were an apple-knocker. Now that I've found a fellow apple-knocker, just what are we?”

WE'RE HICKS, HONEY: rubes, farmers, hayseeds, country jakes ... yes, lets face it, in the modern idiom, we're squares.

Don't feel too bad about it though, Lynn. There've been a lot of apple-knockers who didn't do the country any discredit. I'm thinking of Eisenhower, Edison, Charles F. Kettering, Hemingway, and about 100 years ago, even Lincoln. Some people are probably called squares by wicked city slickers because they just want to play square.

Chief Kettman Joins in Easter Week Warning

Guarding against a repeat performance of previous Easter Week teen-age carnage, Palm Springs police have joined with law enforcement agencies of other resort areas in broadcasting warnings to parents and school teachers.

Precautions and warnings issued by the police chiefs of Palm Springs, Catalina Island and Newport Beach have been distributed via bulletin to Parent-Teachers Associations and councils within Los Angeles' 10th District of the California Congress of Parents and Teachers.

IN THE BULLETIN. Police Chief August Kettmann said that Village police will not permit sleeping in cars. He also noted that all hotel space is already reserved.

"Liquor laws and curfews will be rigidly enforced and no disturbance of the peace will be tolerated," he declared.

Strengthening of curfews and liquor enforcement was also indicated by Chief Albert M. Beron, of Catalina Island, who warned that teen-agers not accompanied by parents must have written permission from their parents to visit the island.

STRICT CURFEW will be maintained, he said, and checks will be made on rooms and cottages. Sleeping on beaches, park or golfing grounds is also banned.

Newport Beach Chief John L. Upson publicized the need for adult chaperons and said that parents will be notified to pick up their youngsters "if they do not behave."

MUSEUM

"SINCE THE NEW museum building will occupy less than half of the beautiful lot on Tahquitz and Indian Avenue, the remainder of the property can be held for later expansion. We are sure every business man hopes some way will be found to construct there later an auditorium seating up to 1,000 persons. Such an auditorium would be worth millions to the community in convention revenue," they said.

The two men also declared that the business interests have been presented a "real challenge" in results of the building campaign to date. Residents of Palm Springs, having no commercial interests here, have contributed nearly half of the needed \$200,000, and now are waiting to see the response from the businesses, they explained.

SERVICE CLUB members will be asked at their meetings next week to select days on which they will report for their three-hour "stretch" of duty. Working in pairs, the volunteers will make calls on the more than 600 business firms on the divisions list. Successive teams will make return calls where no decision has been reached by the firms on the earlier approaches.

The workers will report for an 8 a.m. "coffee hour" before starting out on their short assignments.

Church Fund Totals \$179,000 After Six Weeks

Gifts totalling \$179,000 have been received in the Palm Springs Community Church "Forward in Faith" campaign to build a new church sanctuary.

Church officials said the amount was tallied at the end of the six-week period in which they had hoped to raise the entire \$350,000 goal.

The drive is aimed towards construction of a new sanctuary on property owned by the church at Baristo and Cahulla.

Drive leaders today prepared to map plans to bring the campaign to a successful conclusion in the near future.

Cathedral City

By JEAN PATANE

Over the weekend Patsy Sanders celebrated her fifteenth birthday at her home on "G" Street. Her houseguests for the happy occasion were Vita Romano of Downey and Elena McArthur of Mexico City. The girls are attending Sacred Heart Academy in Flintridge.

Mrs. Nana Inman, a former resident of Cathedral City and now making her home in Claremont, accompanied by her cousin, Mrs. Anna Riddle of Long Beach, is spending this week at Kelley Kottages.

Glen Smashey arrived Saturday from Land O'Lakes, Fla., to see his first grandchild, little Miss Jean Marie, two and a half months daughter of the Charles Martin, Jr.'s. Mrs. Martin is the former Ruth Smashey. Mr. and Mrs. Smashey, former owners of the Date Palm Motel, will leave for Florida this weekend.

Mr. and Mrs. W. D. Gay of San Diego with their daughter and granddaughter were weekend guests of Mr. Gay's cousin, Mrs. Maude Griffiths. Mr. Gay is owner of "The Gay Company" in San Diego, home of the "Gay Instant Pitch Finder" for stringed instruments.

On Sunday Mr. and Mrs. Ed Biles, with their houseguests, Mr.

Biles' sister, Mrs. Eleve Hill, of Blairtown, N. J., his brother and sister-in-law, Mr. and Mrs. Rolland Biles, also of New Jersey, and another sister-in-law, Mr. and Mrs. Rolland Biles, also of New Jersey, and another sister, Mrs. Elizabeth Bradshaw of Crestline, Kan., on her first visit to the desert, attended a family reunion at Kern County Park in Bakersfield. Other relatives, thirty in all, were from Lompoc, Fresno, Artesia and Banning. Following a month's visit, Ed and Ruth's guests will return East the end of the week.

Staying with Mrs. James Whitney, who is recuperating from major surgery performed at Desert Hospital a few weeks ago, is Mrs. George F. Dudley of North Hollywood and Sky Ridge Park, a close personal friend of the Whitneys. Last Friday Mayor and Mrs. Seth Miller of Pasadena, friends of the Whitneys for many years, were guests at the Whitney home. The Millers were enroute to Arizona.

On Wednesday, Mrs. R. T. Hagen and her son, Jimmie, were guests aboard the Liner SS Monterey while it was docked at Port of Los Angeles. They lunched with Mrs. Hagen's parents, Mr. and Mrs. W. J. Warner, who were returning to their home in Medford, Ore., after a six weeks' cruise to Australia, New Zealand and the South Seas.

Sales Records Smashed in County Report

All previous sales records were smashed in Riverside County during the fourth quarter of 1956, it was announced today by Robert E. McDavid, chairman of the State Board of Equalization.

Reflecting the average statewide sales increase, Riverside County showed a gain of 7.51 per cent over the last quarter of 1955. The county registered total taxable sales of \$78,504,000, of which \$2,355,120, three per cent, went for taxes.

The year-long bonanza ended with Riverside County counting more than \$270 million worth of sales in a statewide tally in excess of \$19 billion. A breakdown of sales figures showed a decrease of 13 and 12 per cent, respectively, for new and used car sales. However, food and apparel stores increased sales 26 and 13 per cent, respectively, "indicating the full employment enjoyed by the county," McDavid said.

Students Anticipate Philharmonic

Anticipation of the first appearance of the Los Angeles Philharmonic orchestra at the Palm Springs Polo Grounds, sponsored by the Playhouse Guild, Sunday night, April 14, at 8:30 o'clock, is generating widespread interest among music lovers, young and old. The full 100 piece orchestra will be directed by Alfred Wallenstein.

Extra school credit to music students at the high school for attendance at the concert is being offered by Alex Hammond, choir director and head of vocal music. "This is a very valuable experience for young people, whether they are specifically interested in music or not," Hammond commented and added that he will urge all students to take advantage of the special rate of 50 cents per ticket which may be purchased in the high school office.

Gustave Patzner, director of the high school orchestra numbering close to 60 students, has been rehearsing the group in the Brahms Symphony No. 1 in C Minor, Op. 68, which constitutes the latter half of Sunday night's concert. He added that students also have been studying the lives of the composers on the program, and in addition they have been busy making posters for the high school office and other vantage points on the grounds.

Student tickets may also be purchased at the Playhouse Guild office on the Desert Inn grounds or at the Chamber of Commerce, 137 North Palm Canyon Drive.

There will be seating capacity at the Polo Grounds for some 3,000 persons and a specially constructed canvas orchestra shell will be set up in the arena Friday morning, according to Orchestra Chairman Harold Murphy.

Club Plans Easter Parade

Tuesday's luncheon meeting of Soroptimist International of Palm Springs, held at the Biltmore, was devoted to discussion of plans for the Club-sponsored Easter Parade, which will be held Easter Sunday following Church services.

The downtown parade will wind up in The Center, where there will be judging and awarding of prizes which have been donated by local merchants, with Roy Randolph and Peggy Bull emceeing the parade of Easter finery.

A man-sized Easter rabbit will hand out candy eggs to the children and there will be music. Ida Keeney, parade chairman, said today that anyone may enter the contest, with family groups particularly invited.

Prizes will be awarded in 14 classifications.

This weekend several members of the Palm Springs Club will attend the Pacific Region's Sixth annual Spring conference to be held at the U. S. Grant Hotel in San Diego. They are Esther Weingarten, Marie Ford, Madge Holderman, Katherine Finchy and Edna Brott.

Soroptimist Club president Mabel Russell conducted Tuesday's meeting.

Analyze Personality Before Decorating

NEW YORK — Before you decorate your home, analyze your personality.

That's the advice of a leading Japanese architect, Junzo Yoshimura. He believes homes should reflect the personality of persons who live in them, not the personality of the designer.

Yoshimura, an architect for 30 years, is a professor at Tokyo University of Fine Arts and has designed buildings in the United States. His work includes the Japanese "House in the Garden" at the Museum of Modern Art, New York, the Japan Air Lines office in Rockefeller Center and a motel.

To create an individual effect, he advised never stick to one style or period. Combine furniture, fabric designs and ornaments of different periods, but be sure they blend.

Yoshimura also said it is possible to create a lovely room by using furniture you already have.

"Furniture does not have to be beautiful," he said. "It may have a sentimental value and bring out your personality."

Fruits such as raisins and citrons can be kept evenly distributed throughout a cake if they are dusted with flour before being mixed into the batter.

Raisins for cakes and breads can be made plump and juicy if they are soaked in water before being added to the batter or dough.

The syrup from canned fruits should be saved for use as a sauce on puddings and desserts.

Sally Oht Will Head B.W. Club

Sally Oht was elected president of Palm Springs Business Women's Club Monday night, at the annual election of officers.

Other new officers, who will be installed at a buffet dinner at Deep Well on May 6, are: 1st vice president, Margene Johnson; 2nd vice president, Munya Smoot; recording secretary, Doris Gregg; corresponding secretary, Virgie Dragicevich; Treasurer, Sarah Freedman; publicity chairman, Estelle Schiller; budget chairman, Wilma Wilson; directors-at-large Tess Potter, Millie Hoffmeier, Jean Patane, Mildred Veano and Louise Purnell.

Speaker of the evening was Jimmy Cooper, who reported on the new Chamber of Commerce building, which was started that day.

An Easter motif was used in decorations for the refreshment table.

Moseleys Have Weekend Guests

Mr. and Mrs. Charles E. Mack and Mr. and Mrs. P. G. Gillmore of Flintridge, were houseguests of the Andrew S. Moseleys in Palm Desert over the weekend. The Moseleys entertained their guests at dinner Saturday night at the fashionable Shadow Mountain Club — of which Mr. Moseley has once again been elected president, this being the second time he has been so honored.

Housewarming Is Surprise

The Toby Curtis were very much elated when a group of their friends surprised them with a housewarming in their new home on Via Altima.

The group which included the Tom Kieleys, Howard Wiefels, Joe Hendersons, Earl Houghs, Willard McKinneys, and Mrs. Dorothy Laughlin presented the couple with a beautiful bookcase.

Later in the evening a chicken barbecue was cooked and served outside by the ladies attending.

VFW Auxiliary Installs Friday

Open installation of the new officers of V. F. W. Auxiliary Frontier Post No. 5987 headed by Lou Paul, newly-elected president, will be held Friday evening at 8 in the American Legion Auxiliary Room.

Guests will be welcomed at this impressive ceremony which will be in charge of Mildred Oistad, 22nd District president.

Zasu Pitts at Playhouse Is Right Star in Right Part

By SHELBY WEGNER

The incomparable Zasu Pitts is starring this week at the Palm Springs Playhouse in the Sidney Howard comedy, "The Late Christopher Bean." She delighted the Tuesday opening night audience with her appealing portrayal of Abby, who for 20 almost uneventful years has been the maid in the Haggett home, near Boston. One big event in her otherwise colorless life, comes to light when the New York art world discovers that the late Christopher Bean, newly recognized as a great artist, once lived and painted in this household. Abby, in her trusting way, befriended the sick and lonely Bean, and encouraged him in his work.

This heart-warming story revolves around the dilemma of the Haggett family when they learn the value of Bean's paintings which they have either destroyed or used to patch leaking roofs. Their greed turns them from simple folk to scheming connivers, ready to do anything to reap the rich harvest that the late Christopher Bean has left. Abby goes about serving and packing to leave, while the Haggetts plot, and

never suspect that their "hired help" could hold the key to this surprising source of wealth. They become frantic and desperate as the clamor for Bean originals increases with telegrams, phone calls, and stange guests arriving. Abby pulls one surprise after another, until her final one that leaves everyone on stage gasping. This climax leaves the audience with a glow of good feeling about how "the meek shall inherit the earth" and that little people like Abby can be rewarded for their faith and good deeds.

Zasu Pitts, with her wonderful fluttery hands, her blank stares, and her shy voice, is great in her ability to underplay comedy and enhance it with both spirit and pathos. She has perfected the role of the self-effacing person, who, in spite of timidity, just won't be pushed around when an important principle is at stake. She and Abby are beautifully mated, the right star and the right part, in a play that is amusing and well written.

At the end of the performance, Miss Pitts was praising the entire cast for their excellent characterizations and supportive acting. Marian Walters takes on the look and manner of the fretful Hannah, wife of fumbley old Dr. Haggett, well played by Sidney Breese. Joan Overholt is the unattractive older daughter who lisps and simpers through the role of Ada. Beth Williams plays the pretty younger daughter who falls in love with the house painter who aspires to follow in the steps of Christopher Bean. Justin Clarke is the shy lover who gains courage after the first awkward kiss. Michael Ferrall, who directed the show, plays the suave art critic from New York. Both Tim O'Connor and Ray Gronwald turn in fine performances as the not too ethical pair, forger and art dealer, who try some fancy tricks to secure the paintings.

The many fans of Zasu Pitts will have the opportunity of enjoying her in "The Late Christopher Bean" through Sunday night. On Tuesday, April 16, the last play of the season will open, "The Curious Savage," featuring Marian Walters and another favorite guest star, Jesse Glendinning.

Hostess Trio Entertains at Card Luncheon

Spring flowers were everywhere when Mrs. Earle Arnold and Mrs. Wesley Maddox were co-hostesses with Mrs. Claude McQuiston at her home on Avenida Palmera Tuesday afternoon at a bridge and Mexican luncheon. Beautifully arranged spring flowers were used as centerpieces on the individual tables which were set up in the living and play rooms, and freshly cut roses blossomed throughout the house.

Almost 50 women attended the luncheon and played cards later in the afternoon. Among those winning prizes were Genevieve Berg, Madeline McCarthy, Elnora Couch, Marie Holland, Alma Fischer, Faye Dale, Eileen Wood, Druella Cross and Edith Simmons.

Reduce Foods To Basic Four

The "basic seven" of proper meal planning has been reduced. It now is the "basic four," with U.S. Department of Agriculture approval.

The Nutrition Foundation, a research organization underwritten by the food industry, now lists the basic needs of each day's meal as milk, meats, vegetables and fruits, bread and cereals.

"This new plan need not replace others being used effectively," said Dr. Charles King, foundation director. But he pointed out it was easier to follow.

The basic seven, a guide to meal planning for many years, included fats and sugars, and separated the fruits and vegetable categories.

The foundation explained that fats and sugars still were diet essentials but usually appeared in meals in combination with appropriate foods anyway.

"Most people use sugar in coffee or tea, or on cereal," a spokesman explained. "And fats are included in such things as salad dressing."

Tricks Vary The Hamburger

Here are a few quick tricks for making hamburger an even greater family favorite.

Serve this economy meat with an onion sauce, made with 1/2 package of onion soup mix and 1 cup of water. Add a dab of melted butter and thicken with 2 tablespoons of flour.

Or, fry chopped onions in a little butter or margarine. Season to taste with curry powder and a few drops of lemon juice.

PLAYING CINDERELLA at the Bonaire is Julie Andrews, left, star of the Broadway stage hit "My Fair Lady." The other fair lady is Maggie Smith of last "New Faces," getting a tan before she returns

to London. The two left Monday after a holiday rest in the Village. (Pospel Photo).

GREENWOOD Lake, N.Y. — A feud to rival that between the flaming Thursday between Floyd Patterson and middleweight challenger Ray Robinson because, the heavyweight champion declared, "That man talks mean about me."

Patterson and Robinson both have been training at Long Pond Inn and for almost a month tempers have been mounting daily. The icy hostility, in which they walk silent circles around each

Panchoes Touted to Battle Again for Net Crown

CLEVELAND — Another "Battle of the Panchoes" appeared in the making Wednesday night as Pancho Gonzales, top-seeded, and Pancho Segura, second-seeded, secured first round victories in the world tennis championships here.

Gonzales, shooting for his fifth straight professional title, downed former amateur champion Frank Parker, 6-3, 6-2, while Segura won an 8-6, 6-4 victory over Dinny Pails of Australia.

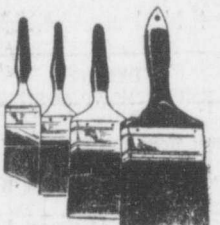

Tony Trabert, former Davis Cupper from the University of Cincinnati, beat Frank Kovacs, Oakland, Calif., 6-3, 9-7, in another quarter-final match.

In a semi-final match, Australian Ken Rosewall eliminated veteran Bobby Riggs, Miami, Beach, Fla., 6-2, 6-2.

other, was disclosed when Patterson refused to pose with Robinson for photographers.

"WHY SHOULD I stand with him and smile when neither of us mean it?" Patterson demanded brusquely. "I just don't want anything to do with him."

The possibility of a real "Battle of the Century"—with not a paid customer in the house—was avoided when Patterson left by train for Kansas City. There he will open an exhibition tour Saturday which also will take him to Denver and Joliet, Ill.

"I'm an outspoken man," Patterson declared as he refused to be photographed with Robinson as part of the buildup for Sugar Ray's May 1 middleweight title fight with Gene Fullmer at Chicago. "He talked mean about me. I won't have anything to do with him. I stay away from him and he better do the same."

THE FEUD STARTED when Robinson and other members of his large entourage watched Patterson box one afternoon. Patterson's manager, Gus D'Amato, was not on hand and the Robinson group made boxing suggestions which they claim was only meant to be constructive criticism.

D'Amato blew up when he heard of the incident and angrily told the Robinson group: "Don't interfere with my fighter."

Then, according to Patterson, Robinson began to "talk mean" remark that former light heavyweight champion Joey Maxim same Maxim who Sugar Ray was beating handily for the title in 1952 when he was kayoed by a terrific June heat wave.

The word also got back to Patterson that Robinson purportedly predicted that Tommy Hurricane Jackson would beat Floyd for the heavyweight title.

Patterson Warns IBC Not to Sign Jackson for Bout

NEW YORK — The manager of heavyweight champion Floyd Patterson warned the International Boxing Club Thursday against an attempt to match contender Tommy Hurricane Jackson with some other opponent.

Cus D'Amato, manager of Patterson, called attention to a publicized offer of \$175,000 for Patterson to defend his crown against Jackson in Philadelphia, Jersey City, or Camden, N.J.

"If the IBC signs him, Jackson, to a match in order to prevent another promoter from signing him for a title fight, then it will place itself under further suspicion of monopoly," said D'Amato.

Patterson's pilot pointed out that the IBC has been charged with monopolizing the promotion of championship fights, and also that the IBC has itself recognized Jackson as a leading contender for the heavyweight crown.

D'Amato said he would like Patterson to make his first title defense in the United States "under promotion other than the IBC."

D'Amato said he has received an offer for Patterson to defend his title in London. He did not identify the suggest opponent.

Padres, Seals Favored for PCL Pennant

All Clubs Improved and Hot Race Looms as Teams Squad Off

By SCOTT BAILLIE

SAN FRANCISCO — The Pacific Coast League, presumably strengthened by closer ties with the major loops which it once tried to shun, opened its 55th straight season Thursday amid predictions that the caliber of ball will surpass last year's.

Portland opened at San Francisco, Seattle at Sacramento, Vancouver at Los Angeles and Hollywood at San Diego, where the Padres were to host the Stars in a day-night doubleheader.

Club officials expected about 40,000 fans to escape from the office or their mothers-in-law long enough to see a ball game and enjoy the pageantry of opening day.

The Los Angeles Angels breezed to the pennant by 16 games last year but the race looked tighter this time with a poll of coast sportswriters pointing to a battle between San Francisco and San Diego for the pennant.

THE BOSTON RED SOX, owner of the Seals, were on the spot to mould a pennant contender after their farmhands finished sixth last year in the Sox' initial season as proprietors. In the meantime, San Diego has become Cleveland's No. 1 farm club now that the Tribe no longer works with Indians inapolis.

Better talent also seemed to tap for all clubs since the majors agreed to pare their rosters to 28 men before opening their own campaign next week. Big league teams formerly could hang onto 30 to 40 players before cutting to the 25 man limit 30 days after the season was on.

One club was under brand new management — the Los Angeles Angels who became the property of the Brooklyn Dodgers last February after functioning as a Chicago Cub possession for years. The Bruins then launched a working agreement with Portland as part of the complex deal that saw numerous Angel and Beavers players swap uniforms.

USUALLY REGARDED as a pitchers league, the PCL was expected to show more power for 1957. Steve Bilko, who helped drive Los Angeles to the pennant last year by hitting 55 home runs while winning five batting crowns, stayed on with the club despite the deal with Brooklyn.

The Hollywood Stars also landed a fence-wrecker in Dick Stuart, Pirate optionee, who clubbed 66 home runs in the Class A Western League last year. Bill Renna, former American League long ball hitter now with the Seals, and Portland Joe Macko also were ready to deliver the big blow.

Three new managers were in the league—Clay Bryant at Los Angeles, Clyde King at Hollywood and Charlie Metro at Vancouver. Lefty O'Doul, making his fourth move since his 17-year with the Seals ended in 1950, was at Seattle and Bill Sweeney back at Portland for his third stint at running that club. The red-faced Irishman took over in mid-season last year from Tommy Holmes two days after Joe Gordon had supplanted Eddie Joost at San Francisco. Gordon also is back with the Seals.

San Diego's Bob Elliott is at the Padre helm for the third season and Tommy Heath is in his second year with Sacramento.

Calctric Sells \$6 Million in Mortgage Bonds

Sale of \$6,000,000 in California Electric Power Company first mortgage bonds at competitive bidding to Kidder, Peabody & Co. and associates was announced today by Albert Cage, Calctric president.

The Kidder, Peabody group bid 99.661 on a 4 1/2 per cent coupon for the first mortgage bonds due 1987. It is expected that the bonds will be reoffered to the public at 100.40 to yield 4.60 per cent.

The proceeds from the sale of the bonds will be used to retire short term bank loans and construction of new facilities to meet the continuing growth in Calctric territory.

The bond sale was the second step taken by Calctric in as many weeks to finance construction of facilities. On April 2, the company sold 300,000 shares of common stock to an underwriting group headed by Merrill Lynch, Pierce, Fenner & Beane for \$4,030,600 or \$13.336 a share. It was resold to the public at \$13.875.

MARSHA SOLOMON, lyric soprano who sings in seven languages and who has been featured in television, radio and stage in this country, will be a featured performer at the B'nai B'rith buffet dinner at 7:30 p. m. tonight at Deep Well.

Department of Employment Seeks Employees in Village

The Department of Employment is seeking applications from residents who wish to work in the Indian Local Office or Palm Springs Itinerant service, as Employment and Claims Assistant.

Richard J. Nelson, manager, said persons selected as a result of an examination on May 4 will be given regular civil service appointments but will be called in to work only as needed. Employment will be seasonal. Intermittent employees may work part time each day or full time for several days or weeks.

Employment and Claims Assistants give information on jobs available in the community and interview persons claiming unemployment benefits. The salary is \$1.95 an hour.

Richard J. Nelson said local residents are preferred because of the intermittent nature of employment.

Desirable qualifications include graduation from college, or high school and two years of recent technical or management experience in such fields as labor, industrial relations or public relations. Experience in employment, personnel, health and welfare administration, public or business administration or insurance, also is desirable.

In 1955 Americans spent \$303,050,000 for vitamin concentrates, only about a third of which were by prescription.

YOU KNOW I JUST TOOK A LISTING on a 3 bedroom house just off Ramon Road for only \$11,950—and its got a POOL, too. Course the neighbors use the POOL but they also chip in and help pay service expenses. Only takes \$1450 down payment or maybe less.

I BUILT ONE OF THOSE CUTE MODERN 2 bedroom houses with built-in features down in Palm Desert—payments going on and no income from it—I'll take the first decent offer around \$12,500 and you make your own cotton picking terms.

ARE YOU BOTHERED WITH PESTY WEEKEND VISITORS? The ones that breathe L.A. Smog all over the place? Well here's a place they will never find you—A small 1 bedroom, 1 bath nestled behind a high wall of trees and shrubs—POOL, completely hidden—and is located within walking distance of the Biltmore Hotel. Priced \$25,000.

UNITS

WE STILL HAVE THESE TWO HOUSES on one lot on the market—Thought we had sold but buyer couldn't quite make the \$5500 down payment. You know the full price is only \$20,500, now that the weather is getting hot.

6 BEAUTIFUL UNITS completely furnished near the center of town. Less than 1 year old. Owners apartment has 2 bedrooms opening to lovely large POOL—can be had for only \$68,500. Excellent terms. You make-up.

GOT 5 OLD RUN DOWN SHACKS JUST OFF RAMON ROAD. Not much to look at, but they are all rented for \$100 month on year leases. Get your paint brush and lawn mower ready—because we can steal um for only \$47,500—or any offer??

Council Withholds Protest on SP Depot Change, Concessions Set

Clarification of the change of name plan for the Palm Springs Railway Station given by Herbert C. Hall, assistant district freight agent for Southern Pacific at Pomona, ended with the City Council last night "not liking it" but not protesting the action.

At a suggestion by the City Council, Hall said that he would see if the new sign on the depot could read: West Palm Springs Station, and then in parenthesis

underneath, an explanation to passengers on incoming trains that Palm Springs Village is nine miles to the southwest.

HALL POINTED out to the City Council that "the maps and timetables were not being changed, but that the company is actually only adding to it."

The change was brought about by SP after the Inter-state Commerce Commission passed a ruling which would not allow its subsidiary, Pacific Motor Transport, to make deliveries in the City of Palm Springs. Shippers of supplies and materials have no way of knowing that when their shipment arrives at Palm Springs depot, it is still nine miles from the city.

COUNCILWOMAN RUTH Hardy said that she thought the matter "was brought to the attention of the council about three months too late, and it would have been a lot better if we could have gotten together earlier."

COURTESY OF ROBERT S. HOWARD

ALL IS NOT LOST, Bob Howard reported today. The name, "Palm Springs," will still shine forth in all its glory at Palm Springs' rail depot. This despite the fact that the Southern Pacific has up and renamed the station West Palm Springs. The directional sign pictured above that Howard, owner of Palm Springs' Howard Manor, donated as a civic gesture early in 1955 is still doing business

in a strategic spot on the station platforms. Through it confused train travelers are messaged that the desolate area around the station, nine miles distant from the village, isn't the gem of desert resort cities. By the way, the up-to-date swimming pool total for Palm Springs is 1300 and Howard has already alerted Sign Painter Bill Maidoff to make the change.

Hibernation Saves Boy, 5, From Deep Freeze Death

GARDEN GROVE, Calif. (AP) — A five-year-old boy, rescued minutes before death from inside a locked home deepfreezer where he was trapped for nearly an hour, survived the cold because he went into hibernation like an animal, it was reported today.

Dr. Walter C. Ralton said he administered treatment for frostbite of the feet and hands Wednesday to little Theo DeHoog, who was rescued by his mother, Mrs. Daniel DeHoog, from a chest-type freezer into which he had climbed and locked himself.

"THIS WAS THE most interesting case I've ever handled," the Garden Grove physician said. "Hibernation saved the life of the boy."

Dr. Ralton said the zero temperature inside the freezer lowered Theo's metabolism so fast that he went to sleep before he could struggle much.

"THIS CONSERVED the oxygen in the closed food closet,"

Circus, we will fall short of our goal by about \$10,000."

Only Community Chest fund raising activity now under way is the plan for guided tours of the ultra-modern model of Royal Air Apartments at the old Desert Inn Mashie Course. Tours are conducted for a 50-cent Chest donation.

ON THE RED Cross drive front, Chairman Adrian Rosen expressed a much happier outlook as he tallied collections of \$13,290 towards a goal of \$19,520.

Rosen, who noted that Cathedral City receipts are still untallied, expected to wage a cleanup campaign during the three days preceding Easter.

Eight Red Cross solicitation stations are spotted in heavy pedestrian traffic areas and Rosen said "we expect to reach our goal."

Red Cross volunteers are still soliciting area residents in house-to-house calls.

OVER AT CANCER Society headquarters, C. Ronald Ellis reported that his workers have pulled in more than \$7,000 in a campaign to reach a goal of \$8,900.

Most Cancer Society contributions were solicited in a neighborhood mail campaign, in which residents were asked to spread collection envelopes among their neighbors.

As in the other two major campaigns, Ellis was heavy in his praise of area trailblazers, who have been active in every fund drive, often staging their own money-raising rallies.

Each campaign leader offered their thanks to the hundreds of volunteer workers who gave their time and energies to the three major causes.

Gasoline Bombing Suspects To Be Arraigned Today

LOS ANGELES (AP)—Four men were scheduled to be arraigned in Superior Court today for the gasoline bombing of a Los Angeles neighborhood bar which took six lives.

The men were indicted by the county Grand Jury on six counts of murder and one of arson Wednesday following four hours of testimony by 21 witnesses, many of whom were in the Club Mecca shortly before midnight last Thursday when a can of gasoline was sloshed into the bar and ignited.

NAMED IN THE indictments were Clyde Bates, 36, an ex-convict and the man suspected of hurling the gasoline; Manuel Chavez, 25, suspected of throwing a flaming piece of paper on the explosive fluid; Oscar Brenhaug, 54, and Manuel Hernandez, 18, both of whom admitted being with Bates and Chavez.

Witnesses positively identified the four men as having been in the bar shortly before the flaming explosion and said they were thrown out for using vile language and bothering a woman patron.

DETECTIVE SGT. Vic Little said Brenhaug and Hernandez

gave officers statements in which they said they sat in a car while Bates and Chavez went to the bar with the can of gasoline.

Five men patrons and a waitress were burned to death in the blast and fire while three others suffered burns.
